Since we have more than 6 volunteers, the schedule will continually roll through the years so that everyone is as evenly spaced as possible.

Your help in this important ministry is very much appreciated. When it's your month, it's a good idea to check the basket weekly, especially during Holy Day or Holy Season months.

If you find that the month designated is just not going to work for you, please call another person from the list and trade months.

If you have any questions, please call the parish office at 825-5282.

THANKS FOR ALL YOU DO!!!
